

Dear Students,

Step into the world of fintech innovation and turn your ideas into reality!

We are excited to invite you to participate in the **Fintech Rally Hackathon 2026 – University Edition**, organized in coordination with Jordan Payments and Clearing Company (JoPACC) through JOIN Fincubator.

This national student-focused hackathon brings together students from 13 universities across Jordan to develop innovative fintech solutions and tackle real-world challenges.

Program Timeline

- **Ideation & Concept Development: 14 June – 7 July**
- **Development & Technical Evaluation: 12 July – 24 July**
- **Demo Day & Final Evaluation: 25 July**

What Participants Will Gain

- Specialized fintech training sessions
- Hands-on experience solving real market challenges
- Networking opportunities with fintech leaders and professionals
- Practical experience in development, teamwork, and pitching

Eligibility Criteria

- Teams of 4–5 students
- Final-year or near-final-year students
- Teams must include a mix of:
 - Business-oriented students (Business Administration, Accounting, Fintech, etc.)
 - Technical students (Engineering, Computer Science, IT, etc.)
- Functional prototypes and coding are required

Awards & Opportunities

Top-performing teams will receive:

- Monetary prizes
- Non-monetary rewards and recognition
- Exposure to industry experts and key players in the fintech ecosystem

Interested students are encouraged to form teams and register by contacting:

Dr. Wasan Alamro (w.alamro@ammanu.edu.jo), office number (10222)
